## Ceado ES

### Why operators choose Ceado ES:

- Serve made-to-order juice without slowing the line
- Cut prep time with 2" and 3" dual feed chutes
- Keep going through long shifts without overheating
- Speed up cleanup with no-tools parts
- Bring fresh juice front-of-house without the usual blender-level noise
- Juice whole apples without slowing down prep.

“Made-to-order juice without the made-to-order slowdown.”

### Ceado ES500

Built for medium volume. Great when you want fresh juice without giving up too much counter space.

### Ceado ES700

The dual-feed chute helps cut prep time and handle more fruits and vegetables with less slowdown.

### Ceado ES900

The stronger motor and optional through-counter pulp ejection help keep workflow cleaner and moving.

## TikiCup Pineapple

### Why operators choose TikiCup:

- Turn whole pineapples into ready-to-fill drink cups in seconds
- Raise perceived value with tropical presentation that sells itself
- Keep service moving with fast, repeatable output during rushes
- Use the fruit and the shell for a smarter, lower-waste workflow
- Create the kind of drink guests point at, photograph, and reorder

“A pineapple cup raises perceived value, so you can price each drink like a signature cocktail.”

### S961

Turn whole pineapples into ready-to-eat merch magnets, speed prep, consistent output, easy to use.

### Ho3

Put peeled, ready-to-eat pineapples on display fast and turn fresh-cut theater into higher produce sales.

### Pinabar

Let customers turn fresh pineapple into a ready-to-eat show that grabs attention, and helps drive traffic.
