# Juice Fit

The two interchangeable reamers are designed to gently squeeze citrus fruit of any size without removing the bitter parts of the rind.

## Wash & go!

All the parts that come into contact with the fruit are easily removable and dishwasher safe.

## Think strong

The light alloy motor housing and the continuous duty, fan-cooled asynchronous motor with safety cut-out ensure performance and reliability.

## Work better

The wide section of the pouring spout makes dispensing of the juice quick and eases cleaning.
