# Think strong

Made entirely in light alloy and steel, is fitted with a 300W fan-cooled universal motor that turns at 15,000rpm.

## Work better

Tested and long-lasting operating automatism, stainless steel cup holder.

## Mix

The first agitator consists of a double whisk in composite and is more suitable for ice-cream based preparations.

## Shake

The second agitator consists of a single whisk in white composite, which has a diameter and thickness making it particularly suitable for mixing milk or preparing iced-shaken coffee.
