

SC-B Sugarcane Juicer

SC-B Sugarcane Juicer

The SC-B features three stainless steel rollers, with the bottom roller being threaded to reduce splashing and guide the juice into your container. As you can see in the diagram (pictured below), the SC-B is extremely easy to disassemble. The rollers, along with the juice compartment, are removable for easy cleaning. Just wipe down the machine with a mild detergent and you are finished.

Simple to disassemble.

This machine also features an overload protection that will protect the motor in case the machine jams. In the event this does occur, the forward and reverse switch will unjam the unit. The featured gear box reduces the stress on the ½ HP motor, while adding more torque to process even the toughest sugarcane.

Space-saving Specifications:

Inlet hole diameter: 2¼ inches
Output speed: 15 rpm
Net/Gross weight: 198 lbs / 223 lbs
Length: 27 inches
Width: 14 inches
Height: 19.5 inches
Motor: 110, ½ HP 10 amps

Important Sugarcane Tip:

We highly recommend that you use 2 ft. length sugarcane with a diameter of up to 2-1/4 in. and cut at an angle.

ONE (1) PASS ONLY—
Do not fold and reuse sugarcane!

Invest in Quality

The SC-B is constructed with stainless steel that will hold up wonderfully in any busy environment. It utilizes a safety switch to prevent customer access to the machine when the front guard is removed.

Juicernet offers a full one-year (1) warranty on parts, one of the longest warranties in the business because we stand behind our products 100%.

Since 1982, we have been specializing in juicers and corers with the highest quality equipment available in the industry today and have juicers that will process anything from apples to wheatgrass. We take pride in our customer service and support.
